Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Notification of Missing Requirements mailed March 15, 2007 for the above referenced patent application, Applicants enclose the following:

- a.) a copy of the Notification of Missing Requirements;
- b.) a copy of the Notification of the Recording of a Change issued by the

International Bureau of WIPO for International Application PCT/KR2004/001086.

During the international phase of the above referenced patent application, an accelerated request was made on May 30, 2006 to the International Bureau of WIPO to remove Yeon Soo LEE as one of the inventors of international application PCT/KR2004/001086. On June 1, 2006 the enclosed Notification of the Recording of a Change was mailed by the International Bureau of WIPO removing Yeon Soo LEE as an inventor for international application PCT/KR2004/001086. At the time of filing of the US national phase of PCT/KR2004/001086, Applicants were not yet in receipt of this Notification of the Recording of a Change and therefore it was not included in the original filing. Applicants assume that, with this Notification of the Recording of a Change removing Yeon Soo LEE as an inventor, the original filed oath for the US national phase application is acceptable and no further documentation is required.

Applicants assume that, since a fully executed and proper oath was provided for this application with the original filing, there are no missing requirements for this application and therefore no fee is necessary. The Commissioner, however, is authorized to charge any fee that may be required to Deposit Account No. 50-0320.

Applicants also assume that the 371(e) filing date for this application will be the date of filing of the original executed oath, that is June 6, 2006, since the oath submitted with the application papers on June 6, 2006 was proper in view of the removal of Yeon Soo LEE as an inventor by the International Bureau of WIPO prior to filing.
